Mo. Average High Temperature	96 F
Mo. Average Low Temperature	39 F
Annual Average Precipitation	33.87"
Annual Average Snowfall	0"
Elevation	306' - 648'

Cameron's unique geography provides for milder seasonal changes. Cameron tends to have more rain than other parts of the region which means we are normally green and growing. Cameron's location also means less impact from tropical storms than coastal areas and milder winters than more northern parts of Texas.
